A
letter

September 27, 1993

George Hashim, M.D.
Associate Research Director
Council for Tobacco Research
900 Third Avenue
New York, NY 10022

Dear Dr. Hashim:

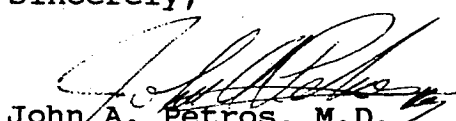

Thank you for taking the time to explain the granting process of the Council for Tobacco Research. I have a good understanding of the basic mechanism and priorities of the Council.

Please send me application instruction and information for the preliminary application which is due February 14.

As I have stated on the phone, I think that Emory University School of Medicine in general and the Urology Division in particular has a very unique set of resources and investigators to accomplish basic urologic research.

Thank you, again. I look forward to your letter.

Sincerely,

John A. Petros, M.D.
Assistant Professor
Section of Urology
